Since God created government, He has a lot to say on the subject. What God says in the Bible about what government is, where it came from, and the purpose for government helps us determine how we should respond to what is going on in America today. It doesn't matter what side of the political spectrum you fall on, this class will help you understand government and politics from God's point of view. This two-week class begins Saturday, October 15th during the 5:00pm service in the Lodge Auditorium.
